CUSTOMER NUMBERREQUEST FOR RECONSIDERATION OF
PETITION UNDER 37 C.F.R. §1.47(b)

The Assignee requests that the declaration entitled "METHOD AND APPARATUS FOR OPTIMIZING A SECURITY DATABASE FOR A SELF-SERVICE CHECKOUT SYSTEM" be accepted without the signature of John Allard on the replacement Declaration, filed herewith. One of the inventors, John Allard, refused to re-execute the application for patent after diligent efforts made by Assignee and their representatives. The last known address of John Allard is 1366 SW 4th Court, Boca Raton, Florida 33432. The signature of his co-inventor, Mr. Brian David Taylor, was obtained.

Mr. Allard signed the original Oath and Declaration on April 29, 2002, a copy of which is attached. The statement language used in that Declaration has since been considered incorrect under 37 CFR 1.56. Mr. Allard was contacted by Jason Piche, counsel for IBM, to re-execute a replacement Oath and Declaration, but he refused. Diligent efforts to obtain the signature of John Allard were also made by Brandi R. Colón and Willy Rose, per the Affidavits and the supporting documentation of emails sent to Mr. John Allard and his responses, listed in exhibits 1-9 attached. The exhibits include the following documentation:
